Balanced Connection

With June Voldseth and Linda Bruce

Has your soul been reminding you that you need some time to connect with nature, slow down and relax?

If so, mark **August 27 – 31, 2017** on your calendar to do just that!

There is no better place than the breath taking mountains of Montana to be pampered with home cooked meals, massages and the fuzzy muzzle of a horse. Join us at **Bonanza Creek Ranch in Martinsdale, MT** where serenity and soothing scenery surround you.

Investment in yourself: \$2600

All Inclusive: Includes lodging, meals, connection activities, horseback riding, private coaching sessions (optional), free massage (optional)

Equine Gestalt Coaches and life long horse women June Voldseth and Linda Bruce have created an experience where you will learn, grow and find balanced connection in the presence of a horse. Horses are beautiful teachers. They bring into our awareness what we already know without judgment or prejudice.
